TriCity Family Services “Teens Won’t Wait” Kick Off Reception --Friday, January 27th, 2012

TriCity Family Services (TCFS) is hosting a Kick Off Reception for their new agency-wide initiative **Teens Won’t Wait**. This open-house style event will take place from 4:00 to 7:00 p.m. on Friday, January 27th, 2012 at TriCity Family Services (1120 Randall Ct., Geneva, IL). The evening will consist of teen speakers, scheduled photo opportunities, hors d’oeuvres, beverages and networking.

When TriCity Family Services was founded in 1967, teens were the core of services. Serving teens continues to be at the heart of the agency and TCFS knows that every teen is “at risk” in some capacity. Many mental health disorders in teens go unnoticed or are misdiagnosed. Left unaddressed, issues can lead to bigger issues and more serious problems that can plague a teenager for their lifetime. The **Teens Won’t Wait** Project will increase TriCity Family Services’ impact on teenagers in the community and achieve the funding necessary to treat and serve more teens than ever before in the history of the agency.

Help TriCity Family Services build a community of unified support for teens and learn why services for teens must be the agency’s top priority in 2012. All are welcome to attend the Kick Off Reception. Please R.S.V.P. to 630-232-1070. For more information, please visit www.tricityfamilyservices.org/teens.html.
